SPRITLY HENGLER SISTERS WILL DANCE FOR PATRONS OF MRS. OSBORN'S THEATRE.

Have Been Winning Success in New York and London Since Their Gerry Days—Featured as Stars.

While Mrs. Robert Osborn has been conducting negotiations with Emil Paar to lead a permanent orchestra in conjunction with her playhouse enterprise, she has signed a contract with the Hengler Sisters, whose attractiveness is perspicuous rather than musical or dramatic. The Hengler girls have been before the New York public since the days when the Gerry Society thought they were too young for footlight frivolity.

They are daughters of T. M. Hengler, an old variety star. Tony Pastor claims the honor of having introduced them.

Five years ago they went to London and were the craze there in the music halls for several years. Weber & Fields engaged them last season, but they withdrew from that company because they were not featured. That event is not likely to happen at Mrs. Osborn's playhouse, as the distinct understanding is that every one who appears is to be starred.

"The Show Girl" made her reappearance Saturday night at the Grand Opera House and was greeted by a packed house. The cast is almost the same as the one in the Broadway and Manhattan Beach productions. The Grand Opera House has benefited at the hands

of decorators during the summer. The Dwyer Theatre threw open its doors on Saturday evening, presenting "The Moonlight Maid." The usual daily matinees will be given.

Solists with the Duss Band during its forthcoming tour will be Charlotte George, contralto; Percy Hennes, baritone; Edward Shonert, accompanist; and Gardelle Simons, Bohumir Kral and Earl Points, instrumentalists.

There's Many a Slip and Legover's "Bataille des Dames," scored an immediate success at the Haymarket, London. The dialogue is said to be sprightly in the extreme. Mr. Frohman will present the comedy at the Garrick Theatre on Sept. 15 with Miss Jessie Millard in the principal role.

In the Rocky Mountains, they will be accompanied by Ernest Thompson Seton, the author and painter of animals. Mrs. Seton will also be of the party.

The Evening World's Sick Babies' Fund, which looks after the ailing infants of the poor during the summer season, has many friends and supporters who have been loyal to it almost from its first year. They contribute liberally each season and are always interested in the work of the charity. One of these is William H. Taylor, of No. 131 West Avenue, Scranton, Pa., who now sends his check for \$25, as he has done for the past six or seven years. Starving Skin

shows a lack of vitality in the blood, or an improper nourishment of the cuticle. If the pores are clogged, the skin becomes, as it were, diseased, and, as any other part of the body would, it starves.

Munyon's Witch-Hazel Soap

is the food it needs. It is a health food for the skin. It nourishes it, stimulating the pores, carrying off evil humors, and making the flesh glow with youthful freshness. It does more: It makes the hardest skins soft as velvet, the perspiring, sweet-smelling as roses. Sold everywhere; 15c. per cake.

I want every woman desirous of a beautiful complexion to try my Witch-Hazel Soap. It preserves the complexion and makes harsh skin soft and fresh. I want every person afflicted with skin blemishes, pimples, blackheads, eruptions, or with hard, scaly scales to try it. It will cure any skin disorder, and it is a shampoo without an equal. I want every one looking for a medicinal soap and yet a toilet luxury to try it. Nothing else will suit them afterward.—MUNYON.

If you have blood troubles that show in eruptions and pimples, or other disfigurements, use my Blood Cure—it will drive out all impurities. If your liver is out of order, use my Liver Cure. It will give you good health and good looks. If you have indigestion and dyspepsia, preventing proper assimilation of food and causing consequent plumpness and that "swollen-out" look, take my Stomach Cure. You can get an even skin and a healthy, youthful glow when you use my skin and your skin will glow with youthful freshness.—MUNYON.
